Continuing To Keep You Safe Through COVID-19

Following the most recent lockdown announcement in January 2021, our clinics remain open for business as per The College of Podiatry guidelines. We continue to use suitable PPE for the safety of us all, all of our staff have received their first vaccine and all staff complete lateral flow tests (on at least a weekly basis), which we hope gives some reassurance to our patients.

We continue to practice social distancing in our clinic; as a result, we politely request that you enter the clinic just a few minutes before your appointment time to prevent overcrowding.

Thank You For Your Donations to Sunderland Community Soup Kitchen

A selection of the donations

Staff and patients donated to Sunderland Community Soup Kitchen in December. Our Admin Manager Diane arranged the collection and took the items to the Soup Kitchen herself. As a long-time supporter of the charity, Diane plans to make this an annual collection. We plan to keep patients up to date when we start collecting this year by announcing this on our Facebook page.

Follow us on Facebook to keep up to date

We can confirm after government announcements that we are able to stay open during Covid -19

We can advertise appointment slots

In this issue

- COVID-19 update
- Our charity donations
- Footwear selection
- Nail reconstruction
- Facebook update
- Gift Vouchers

Latest Toenail Reconstructions

Zoe has been busy reconstructing toenails for some very satisfied patients.
This service is only available at our Concord branch for just £40, the appointment can take up to one hour and lasts approximately three weeks.
